# Other **REQUIRED** Preparations

- **Register and create a profile on the online application platform** for each team member who will be working on your application.
- **Verify that your organization is registered with the Maryland State Department of Assessment and Taxation (SDAT).** Check the [SDAT Business Express](#) site to confirm. Even if your organization is registered in another jurisdiction, you must be registered with SDAT for Montgomery County to finalize an award with your organization.
- **If your organization is not in Good Standing with SDAT, take the necessary steps to get back into Good Standing.** SDAT will advise what steps are required. Montgomery County cannot finalize an award with you or organization if you are not in Good Standing. Your application for a grant could be disqualified if you are not in Good Standing.
- **Register with the [Montgomery County Central Vendor Registration System \(CVRS\)](#).** If you or your organization receives an award from the County, then you will need to be registered with CVRS to receive payments. **Please sign up for ACH (bank wire) payments in your CVRS profile.**

# Review Process

- The Office of Emergency Management and Homeland Security (OEHMS) will recruit an independent Review Committee made up of qualified neutral individuals in Montgomery County Government, selected for their experiences in the grant program's subject area, grants administration, and/or project management.
- The panel members will review and score applicant proposals based on the criteria and priorities established in the NOFO.
- Final decisions will be made based on the scores, reconciliation of funding across categories, and other factors such as the applicant's past performance on previous County awards.

# Review Process

- **Confidence Ratings:** Evaluators use confidence ratings to assess the proposal holistically, beyond specific criteria, to gauge overall success likelihood.
  - 3 – Confident: The proposal shows a clear understanding of requirements, presents a strong project, and is likely to succeed.
  - 2 – Somewhat Confident: The proposal shows partial understanding and relevance but has some uncertainties about success.
  - 1 – Not Confident: The proposal lacks understanding, relevance, and appears unlikely to succeed.
- **Purpose:** Confidence ratings help capture both strengths and weaknesses, supporting smaller organizations and improving evaluation efficiency.
- **Scoring Adjustments:** Scores may be statistically rescaled for fairness, depending on the number of applications and reviewers.

# Scoring – 100 Possible Points

- A. Assessment of Security Needs and Risk (80 points) –**  
Does the application clearly demonstrate that the organization or its representative population is at risk of or has directly experienced hate crimes? Will the project make a meaningful and substantive improvement in the security of this facility?
- B. Grant Administration and Budget (20 points) –** Is the budget manageable, reasonable, and reflective of project? Does the application include the estimated number of Montgomery County residents served by the organization?

# Award Notification

- Award notification letters are expected to be released in January 2025 via email.
- For successful applicants, the award agreement will contain funding restrictions; programmatic, administrative, and policy requirements; reporting documents including total budget along with the amount of grant funding for the program; and payment terms.
- Documentation standards are very high as we are subject to audits and must follow official procedures. If you are unable to provide documentation of how the funds were used, your organization may be required to return the grant funds to the County.

# General Recommendations

- **Read the guidelines and instructions in the NOFO and follow them.**
- Uploads in PDF format are preferred, but other formats are also welcome.
- **The application platform has difficulty reading Mac formatted documents** (i.e., Pages, Numbers, and Key Note) so these should be submitted as PDFs or converted to MS Office formats.

# Additional County Resources

- **Securing Houses of Worship Training**
  - Next training: TBD (likely in late October or November)
- **Civilian Response to Active Shooter Events (CRASE) presentation** with the Montgomery County Police Department (MCPD).

# FAQs

- **We have more than one facility in the County. How many applications can we submit?**
  - *You must submit a separate application for each facility and can submit up to five applications. The maximum you can request for each facility is \$15,000.*
- **Can the funds be applied retroactively for security costs or training already in progress?**
  - *No, expenses must be incurred after the date the final agreement is signed and executed; any expense incurred before then or after the 12-month grant period concludes would not be eligible.*
- **Do religious facilities and schools qualify for grants?**
  - *Yes, as long as they are an IRS registered 501(c)3, tax-exempt nonprofit organization located in Montgomery County or, if a religious facility, meet the requirements of a 501(c)3 and are in good standing with the State of Maryland Department of Taxation.*
- **Is there a requirement for matching funds?**
  - *No, there is no requirement for matching funds.*
- **Is there any weight given if we have received federal, state, or local funding?**
  - *No, but it is helpful for us to know what other sources of funding you may have, and, when that funding will end.*

# FAQs

- **Will applying for less than the maximum amount allowed make a difference?**
  - *No, but be frank about the true cost of your needs. If they exceed the amount allowed, include that total and explain that so we understand the true cost of the requirements.*
- **Are there any additional criteria to be used in determining awards?**
  - *No, the scoring criteria are detailed in the NOFO. When determining awards, the reviewers will consider how the awards will be most impactful to the most people with the limited resources we have.*
- **Can we apply for both security staffing and for development of a security plan and/or drills?**
  - *Yes, you may, but the total amount requested for your facility still cannot exceed \$15,000. It would be helpful to let us know if one of the requests is a higher priority and/or will serve a larger number of people.*
- **How soon after the awards are announced can we expect to have a grant agreement signed and executed?**
  - *Awards must be approved by the County Council after they are announced. We anticipate the total time from announcement to signed agreement will be roughly eight weeks.*
- **Who evaluates the applications and are grant requests funded at 100%?**
  - *Each application will be evaluated by three individuals with expertise in finance, grants/nonprofit management, and/or public safety. None of the applicants in the last cycle were funded at 100% of their request because the need exceeded funding, which we anticipate again this year.*

# FAQs

- **May we use the funds for indirect costs such as administrative expenses or supplies?**
  - *No, the funds can only be used for security staffing, security drills, assessments or trainings, or for the purchase of new security cameras and/or fususCORE devices.*
- **May we use the funds for cybersecurity training or bystander training?**
  - *No, the funds can only be used to train staff and residents related to hate crimes on site.*
- **May we use the funds for cameras or other facility improvements, like security doors or fencing?**
  - *Other than new security cameras and fususCORE devices, no other facility upgrades or capital expenses are eligible for funding. The funds may not be used for maintenance or service of existing cameras, for monitoring services of security cameras, or for subscription services related to the fususCORE device.*
- **We share a facility with another organization that is also applying for funding. Can we both apply?**
  - *Yes, if the funds will be used for separate purposes (different times, different target audience, etc.). Explain how the funds will be used differently, if known.*
