Office of Grants Management
Notice of Funding Opportunity (NOFO)

FY24 Cost Sharing Capital Grants (CSCG)
Grant Program

Program Summary: The Office of Grants Management (OGM) is soliciting grant applications for the County's FY 2024 Cost Sharing Capital Grants (CSCG) Grant Program from qualified nonprofit organizations. Both the County Executive's FY24 Recommended Budget and the County Council's FY24 Approved Budget ([Resolution 20-184](#)) provide \$3.0 million for nonprofit organization capital projects within Montgomery County. Further funding categories have been established for projects that have already received Maryland State Bond Bills (or other forms of State capital support) versus unmatched, smaller capital projects as well as Arts Facility Grants versus non-arts related capital projects. FY24 CSCG applicants may request funding between \$25,000 and \$1,000,000 in FY24 with the likelihood that large projects may have their award spread out over multiple fiscal years. Future fiscal year funding will be contingent on both satisfactory project performance and future Council appropriations.

SECTION I – GRANT PROGRAM INFORMATION

A. Background

The Office of Grants Management (OGM) is soliciting grant applications for the County’s FY 2024 Cost Sharing Capital Grants (CSCG) Grant Program from qualified 501(c)(3) nonprofit organizations seeking to implement capital projects that help provide access to resources, direct services, historical preservation, cultural enrichment, and/or other benefits to Montgomery County residents. Both the County Executive’s FY24 Recommended Budget and the County Council’s FY24 Approved Budget ([Resolution 20-184](#)) provide \$3 million to support nonprofit organizations’ capital projects with funds broken down into the following categories:

Arts Facility Capital Grants - \$1 million total available

- \$750,000 to match appropriated Maryland State Bond Bills (or other forms of Maryland State capital funding)
- \$250,000 for other, small Arts Facility Capital Projects

Non-Arts Capital Grants - \$2 million total available

- \$1.25 million to match appropriated Maryland State Bond Bills (or other forms of Maryland State capital funding)
- \$750,000 for other, small Capital Projects

About the Office of Grants Management: As charged in Bill 36-19, the OGM provides a central point of contact regarding the grants that the County receives or awards. The OGM also develops countywide policies and procedures regarding grants management and ensures these are consistent with racial equity and social justice goals, performs outreach regarding grants offered by the County and other grants functions. For additional information on other Montgomery County grant programs, please visit the OGM’s SM. Apply online grants application platform linked on the first page of this NOFO.

B. Target Population

The target populations for this Grant Program are Montgomery County residents and is intentionally very flexible. Priority in awarding funding will be given to projects that demonstrate a commitment to and impact on Underserved populations¹ in Montgomery County.

¹ This program uses the same definition of underserved communities as [the January 20, 2021 Executive Order on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government](#). The term “underserved communities” refers to populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQIA+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

C. Funding Priorities

The goal of this program is to support capital projects led by 501(c)(3) nonprofit organizations that provide access to resources, direct services, historical preservation, cultural enrichment, and/or other benefits to Montgomery County residents. OGM expects a large number of applications and total funding requests that will greatly exceed the amount of resources available for FY24 CSCGs. To help applicants make their proposals more competitive, priority in awarding funding will be given to projects that demonstrate:

- **A commitment to and impact on Underserved populations in Montgomery County.** If targeting an Underserved population or community, applicants should explicitly demonstrate the following in their proposal:
 - A strong understanding of their target population's/community's needs;
 - How this capital project will help meet these needs through resources, direct services, historical preservation, cultural enrichment, and/or other benefits;
 - How these benefits will be provided in technically, culturally, and/or linguistically proficient way to the target population/community; and
 - A broad base of impact through their proposal to their target population/community.
- **Readiness to immediately, or quickly, begin project implementation.** Applicants should explicitly outline in their proposals other funding streams contributing to the capital project, the status of each of these funding streams, the current stage of planning/implementation, and overall how the capital project is on track to begin implementation in the next 3 - 9 months.
- **Ownership of or a long-term commitment to the asset being improved.** Applicants should explicitly demonstrate that they own (or intend to buy) the land, building, or other asset that they are seeking funding to improve. If the organization has a long-term (5+ years) commitment to a space owned by a jurisdiction (i.e. State, County, city, or other municipality) or other institution (i.e. house of worship, higher education institution, etc...) then that should also be clearly demonstrated in the application. In short, this Grant Program is less likely to fund capital projects that will involve rented or leased space.

Applications for other, non-County capital grants do not disqualify organizations from applying for and winning grants under this Grant Program. Other funders set their own policies, priorities, and eligibility requirements and they should be consulted.

Also due to the expected volume of requests greatly exceeding available resources, grants provided under this program may be requested as multi-year awards of up to three years, pending satisfactory program performance and continued appropriation of funding by the County Council. Large projects that will take two or more years to be finished should expect to have their funding spread across multiple fiscal years. The multi-year funding request must be consistent with the project's expected timeline.

An organization may only submit one application. An organization who is not the primary applicant may only be a collaborator on one application.

The range of expenses related to capital projects allowed under this grant is intentionally very flexible. Examples of past capital projects that have previously been funded by CSCGs include, **but are not limited to:**

- Purchase of land or buildings;
- Construction of new buildings;
- Improvements to land (i.e. addition of turf and bleachers to a sports field);
- Expansions or add-ons to existing facilities;
- Renovation and upgrades to existing facilities;
- Renewal of assets to preserve historical buildings and sites; or
- Purchase of major equipment (\$5,000+) (i.e. walk in fridges and freezers);

This Grant Program will **not** fund the following expenses:

- Any operating costs including but not limited to rent, leases, salaries, utilities, staff benefits, contractor costs unrelated to capital projects (i.e. contract trainers or accountants), supplies, minor equipment (\$5,000 or less), maintenance, and other program related supplies;
- Indirect costs;
- Loans or mortgage payments on existing capital projects or properties;
- Lobbying;
- To cover any expenses made prior to the Grant Award;
- To supplant (replace) funds from other grant sources; or
- Any other cost deemed by the County unrelated to the capital project.

Applicants are encouraged to vet with OGM potential costs prior to submitting application to ensure it is eligible.

The Office of Grants Management will also seek proposals from organizations that:

- Exhibit cultural proficiency;
- Are inclusive of the LGBTQIA+ community members; and
- Use a racial equity lens in providing services.

D. Eligible Organizations and Capital Projects

Applicants must meet all of the following conditions:

- The organization must have a Federal 501(c)(3) tax-exempt status or be a collaboration between two or more entities with at least one having this status;
- The organization must be currently registered and in Good Standing with the Maryland State Department of Assessments and Taxation (SDAT);

- The organization’s capital project must be, or planned to be, located in Montgomery County; and
- Current Montgomery County contract or grant award winners must be current on all reporting obligations for other awards and those reports must reflect.

E. Award Amounts and Duration

Award sizes will vary with a minimum award of \$25,000 and a maximum award of \$100,000 for the Small Capital Grants categories and \$1,000,000 for State Matching Capital Grants categories. The County may choose to provide a multi-year award, up to a maximum of three (3) years, with future fiscal year funding contingent on satisfactory project progress and Council appropriations. This grant program does not commit Montgomery County to make an award.

Capital grant awards will be provided on a cost reimbursable basis.

F. Application Review & Awards

The Office of Grants Management will recruit an independent Review Committee that will develop and submit recommendations for funding. The Review Committee will be composed of neutral, qualified individuals from Montgomery County Government, and possibly the broader Montgomery County community, selected for their experiences in the Grant Program’s subject area, project administration/management, and/or ability to analyze programs from a Racial Equity and Social Justice or cultural competency lens. The panel members will review and score applicant proposals based on the criteria outlined in this program and submit recommendations for awards. Final decisions will be made based on the scores and such other factors and considerations as the County deems relevant at the time of award. These may include updated consideration of how well the applicant has performed on prior programs, the expert opinion of grant administrators with prior experience with applicants, updates to priorities, or other factors.

G. Award Notification

Award notification letters are expected to be released roughly two months after the application deadline via email. For successful applicants, the Grant Agreement will contain the total amount awarded and funding restrictions; programmatic, administrative, and policy requirements; reporting requirements; and payment terms.

H. Submission Guidelines

Applications must be submitted through the OGM grants application platform (SM Apply) through the links posted on the first page of this document. Once the applicant clicks on the link, they will be prompted to create a SM Apply account, select the FY24 Cost Sharing Capital Grants Program, and then will be able to access the grant application. Applicants requiring an Americans with Disabilities Act (ADA) accommodation should contact the Office of Grants Management to discuss alternative submission options.

Applications are due no later than Tuesday March 19, 2024 at 3:00 PM. All applications will be recorded upon receipt. Applications received after the deadline

will be disqualified and will not be forwarded to the Review Committee for funding considerations. Any additions or deletions to an application, unless requested by the OGM will not be accepted after the deadline. Applications with incomplete, illegible, or corrupted digital materials will not be considered.

I. Information Session

An FY24 Cost Sharing Capital Grants Information Session will be held on **Monday February 26, 2024 from 3:00 to 4:30 PM**. The link to participate in the Information Session live or to view an event recording afterwards can be found on the first page of this document or on the FY24 Cost Sharing Capital Grants application page.

J. Terms and Conditions

- County reserves the right to accept or deny any or all applications if the County determines it is in the best interest of the County to do so. The County shall notify the applicant if it rejects that applicant's proposal. The County reserves the right to suspend or terminate an outstanding Grant Program.
- The County reserves the right to issue addenda and/or amendments subsequent to the posting of a Grant Program.
- The County shall not be liable for any costs incurred in the preparation of applications in response to the Grant Program. Applicant agrees that all costs incurred in developing the application are the applicant's sole responsibility.
- The County may conduct pre-award on-site visits or request additional information to verify information submitted in the application and to determine if the applicant's facilities are appropriate for the services proposed.
- The County may enter into negotiations with an applicant and adopt a firm funding amount or other revisions for the applicant's proposal that may result from negotiations. The County shall provide the citations to the statute and implementing regulations that authorize the grant or sub-grant; all applicable federal, State, and County regulations; payment provisions identifying how the grantee will be paid for performing under the award; reporting requirements, including programmatic, financial and any special reports required by federal, state, or County law and/or the granting department; and compliance conditions that must be met by the grantee. SECTION II – APPLICATION TASKS

Applicants are required to follow the content requirements and submission instructions listed within the online application platform and the NOFO document. Please submit your proposal, as broken out by each of the Task, by filling out the data fields or uploading documents where applicable. Uploaded documents should have clearly titled sections and sub-sections. Document uploads should ideally be submitted as PDF documents with budgets uploaded as MS Excel file. The application platform cannot read Mac formatted documents (i.e. Pages, Numbers, and Key Note) so these should be submitted as PDFs or converted to MS Office formats. **Applications will be considered incomplete if any part of any section is missing.**

The FY24 Cost Sharing Capital Grant application uses Reusable Tasks in our online grants application platform. Reusable Tasks can be completed once and be reused without further edits across every other County Grant Program application through this platform. Organizations can update Reusable Tasks as needed as an organization's information and staff evolves over time and new documents may become available.

A. Applicant Information (Reusable) Task

Organizations must provide the following information and documents using data entry fields or uploads. The document uploads will be used to assess legal eligibility for the Grant Program and data fields will be used populate any resulting grant agreement. Applicants should fill out this information as if they were drafting a contract using specific and exact information.

- Legal Name of Applying Organization as registered with the Maryland State Department of Assessment and Taxation (SDAT)
- Organization's Maryland SDAT Department ID Number
- Organization's Federal Tax Identification Number
- Organization's Montgomery County Central Vendor Registration Service (CVRS) Vendor ID
- Organization's mission statement
- Organization's website (optional)
- Contact Information for the organization's proposal point-of-contact (POC)
- Contact Information for the Organization's Legally Authorized Signatory
- Description of Organization's Grant and Financial Management Practices
- Description of Organization's Data Collection and Management Practices

- Upload of Current board list with names, affiliation, and contact information for Nonprofit Organizations Overview of proposed program
- Upload of Public Copy of Most Recent Independent Audit Report (Optional)
- Upload of Most Recent Annual or other Organization Reports (optional)

The Office of Grants Management will no longer ask for proof of Good Standing (or equivalent status) with the Maryland State Department of Assessment and Taxation (SDAT), since this status will be regularly checked by the Office of Grants Management and other County stakeholders. The County is required to check this status at the time of review, finalization of grant agreements, and for payments during the life of a grant agreement. It is critical that applicants remain registered and in Good Standing with SDAT as applicants will be disqualified from a grant competition, delay or even lose a grant award, and/or face delays in grant payments if they are not in Good Standing.

Applicants can verify their status with SDAT via this link:

<https://egov.maryland.gov/BusinessExpress/EntitySearch>

B. Applicant Background (Reusable) Task

The Office of Grants Management collects data through this Task for post-award analysis to understand application and award trends as well as how to support the diverse communities in Montgomery County. Data collected through this Task will **not** be visible to Review Committees and will **not** be used in evaluation and scoring of applications.

In line with Montgomery County's Racial Equity & Social Justice goals, the Office of Grants Management is collecting the racial and ethnic information on the leadership of nonprofit organizations. The structure of this portion of the survey is based on federal standards for collecting racial data. Given the County's significant diversity, this survey is also collecting ethnic data. Note that the information entered should be based on how the person identifies themselves.

- Organization estimated staffing size serving Montgomery County in a given year
- Organization estimated budget, including by funding source, for Montgomery County programs, services, and other initiatives in a given year
- Organizational leadership, including Executive Director and Board Members, race and ethnic information

Responding to these questions is optional and will have no impact on application reviews.

C. Category Consideration Task (Data fields and potential PDF upload)

The Application Category Task requires applicants to select which funding category they want their proposal considered under. Applicants must choose one of the

- Arts Facility Capital Grants with an **Existing** State Funding Match (applicants will be prompted to upload proof of their State funding) - \$1,000,000 maximum
- Small Arts Facility Capital Grants with No State Funding - \$100,000 maximum
- Non-Arts Capital Grants with an **Existing** State Funding Match (applicants will be prompted to upload proof of their State funding) - \$1,000,000 maximum
- Small Non-Arts Capital Grants with No State Funding - \$100,000 maximum

D. Project Scope of Work Task (Data fields and optional additional uploads)

The proposal's Project Scope of Work should answer the following questions and within a series of data fields. If an organization prefers, they may submit their Scope of Work responses in an alternative format such as a video or audio recording.

Because of upload size limits, please post your videos to YouTube or a similar platform and provide a hyperlink to the video within the data fields. The alternative submission will still need to address the questions below. If a question below does not apply to your proposal, please indicate that it is not applicable.

- Project Title – If awarded, the Project Title will become the name of the Grant Agreement
- Project Overview – Brief description of the capital project (100 words maximum). This description of the project will also be directly integrated into the Grant Agreement.
- Project Location – Address, GPS coordinate, primary Montgomery County zip codes that will be served, or a description of where the capital project will be located.
- Please describe the target population/community that your proposed capital project will benefit.
- What is the issue or need within your target population/community that this capital project will address? How will the proposed capital project address this issue or need?
- What are your organization's current capabilities to successfully implement the proposed capital project? Please note your capacity, including staff/volunteer and financial resources, to implement capital projects as well as the projects/services that will take place through the capital project.
- What is your organization's capability to develop and implement this capital project in a culturally, linguistically, and/or technically proficient way for the target population/community?
- Overall, how will the capital project have a positive outcome on the target population/community and Montgomery County more broadly?

Applicants will have the option of uploading additional back-up documentation related to the capital project such as architectural renderings, site plans, or other capital project related materials. These attachments may be useful to the Review Committee in understanding the scope of the proposed capital project as well as demonstrating due diligence and progress on the part of the applying organization. *Applicants should not upload any documentation with sensitive information such as bank statements.*

E. Project Budget and Budget Narrative Task (Data fields, MS Excel Template, PDF upload, and optional additional uploads)

The Project Budget and Budget Narrative Task includes several data fields related to the proposal:

- Year 1 (FY24) Montgomery County Funding Request – Amount requested for this fiscal year
- Year 2 (FY25) Montgomery County Funding Request – If applicable, amount requested for second year of project (assuming continued appropriations and satisfactory project performance)
- Year 3 (FY26) Montgomery County Funding Request – If applicable, amount requested for third year of project (assuming continued appropriations and satisfactory project performance)
- Total Project Cost – Total cost of capital project from **all** proposed funding sources.
- Please specify how the capital project would be affected if total funding awarded were less than the amount requested or provided on a multi-year basis. State whether your project could be completed with a smaller amount, and how your capital project would be affected by any funding reduction.
- This Grant Program will provide awards on a cost reimbursable basis. This means the organization will incur and pay for an expense and then the County will reimburse the Grantee for this expense after receiving documented proof that the expense meets the terms of the Grant Agreement. If you are awarded a capital grant under this program, how will you manage cash flow to implement this capital project on a reasonable schedule given the nature of the award?

Applicants must also submit a Project Budget and a Project Budget Narrative as part of their proposal. The Project Budget should contain detailed, itemized cost and revenue information for the proposed capital project.

- Applicants **must use** [the FY24 Cost Sharing Capital Grant Project Budget Template.](#)
- Applicants may propose a multi-year budget of up to three (3) years in length. Please also include the value of any cost-shares such as donations, State funding, other grants received, capital campaigns, cash-on-hand, in-kind or pro

bono services that you anticipate being donated and that are related to this capital project, or other sources of revenue for the capital project.

- If applying as a collaboration, please include the appropriate division of budget between the two or more organizations that are applying.
- For Proposed Revenue/Funding Sources, the Project Budget must note whether capital funds have already been raised or committed versus are currently being raised or grants are being applied for. For example, an organization plans to commit \$100,000 as part of a capital campaign. They have raised \$70,000 thus far and plan to raise an additional \$30,000 in the next six (6) months. The amount raised and planned to be raised would be included as different capital campaign line-items. Another example, an organization should list their existing State Bond Bill and non-County grants they are planning to apply for as separate line-items. The Project Budget Template will be uploaded as an attachment to the application in MS Excel format.

In addition to a Project Budget, the proposal must include a Project Budget Narrative (2 page limit, PDF upload) that must provide a brief description of each expenditure and revenue line-item listed in the Project Budget.

Applicants will have the option of uploading additional back-up documentation related to the capital project's costs such as price quotes, cost estimates, proof of funding commitments (i.e. other grant awards), the organization's procurement and subcontracting policies, or other relevant documentation. OGM may request proof of any funding commitments as part of the application review process, post-award decisions, or even after grant agreements have been signed. **Applicants should not upload any documentation with sensitive information such as bank statements.**

This Grant Program will **not** fund the following expenses:

- Any operating costs including but not limited to rent, leases, salaries, utilities, staff benefits, contractor costs unrelated to capital projects (i.e. contract trainers or accountants), supplies, minor equipment (\$5,000 or less), maintenance, and other program related supplies;
- Indirect costs;
- Loans or mortgage payments on existing capital projects or properties;
- Lobbying;
- To cover any expenses made prior to the Grant Award;
- To supplant (replace) funds from other grant sources; or
- Any other cost deemed by the County unrelated to the capital project.

F. Project Work Plan/Timeline Task (1 page limit per year, PDF format)

The implementation schedule over the performance period should list:

- The capital project's key milestones and related activities;
- Timeline for implementation and completion of each; and

- Responsible staff (noting organization affiliation if applying as a collaboration).

Applicants are encouraged to include milestones already achieved to demonstrate progress already made in their proposed capital project. Remember that a key funding priority is **readiness to immediately, or quickly, begin project implementation**. Thus, it will be important for applicants to demonstrate their readiness through this Task.

G. Performance Plan Task (1 page limit, PDF format)

The Performance Plan outline how the applicant will measure the success for their proposed capital project and the benefits it will bring to Montgomery County residents. This Grant Program does not require any specific metrics given the diversity of expected proposals. Organizations are given full flexibility to develop a Performance Plan that fits their proposed capital project's goals. To measure the impact of the capital project on the target populations, the Performance Plan should include:

- An outline of the **Key Performance Indicators (KPIs)/metrics** to be collected, targets for each metric, and the data collection method for each metric. Both target outputs and outcomes should be included as applicable. Examples of possible metrics are:
 - Number of visitors attending a new museum per month
 - Number of performances hosted in remodeled theatre per year
 - Number of workshops or trainings in expanded community center per month
 - Number of archived materials used by researchers per year
 - Number of patients utilizing upgraded clinic space per month
 - Number of graves preserved in a historic cemetery
- An outline of any qualitative or other evaluation methods the organization will be using to measure the effectiveness of the project

Measuring outcomes within the context of a capital project is often a challenge and cannot be easily measured. In these cases, the applicant is encouraged to cite research or the results of similar projects (whether by the applicant or other organizations in different jurisdictions) to demonstrate likely capital project outcomes. Providing a brief description of the study or past project and its relevance to the proposed capital project (2-3 sentences maximum) and a hyperlink to the study or description of the past project is sufficient.

Organizations must expect that each disbursement of grant funds will require financial reporting detailing expenses incurred as well as written reports on the progress of the project.

H. Project Leadership Summary Task (1 page limit, PDF format)

Successfully implementing a capital project requires a team of stakeholders with clear roles and responsibilities. The Project Leadership Summary must outline:

- The key positions within or in relation to (i.e. consultants) the organization that will be directly involved in the implementation of the capital project;
- The names of the key stakeholders who are currently in these positions (or an estimate of when the position or role will be filled);
- A brief description (3-4 sentences maximum) of their roles and responsibilities in implementing the capital project; and
- Who will take up this position's duties if there is turnover in the organization.

I. Memorandum of Understanding Among Collaborative Partners (no page limit, PDF format)

If the proposed capital project will be a collaboration between multiple organizations then you must include a Memorandum of Understanding (MOU) between the partner organization that outlines roles and responsibilities for implementing the project. The MOU should also include an outline of how County grant funds will be disbursed among the collaborators as well as the expected financial contributions to the capital project from each of the partners. The MOU must be signed by duly authorized representatives of all collaborating organizations and may be as long as necessary.

Note that the organization submitting the application will be the one signing any awarded grant agreement and will be the one accountable to its terms.

Organizations who will be applying as a single entity will simply mark that the proposed capital project is not a collaborative effort.
